**Experience:** **New England Rehabilitation Hospital**, Portland, ME (October 2008 – February 2009)  
Responsible for purchasing medical supplies as needed, maintaining medical supply storage, and the delivery of supplies as requested by doctors, nurses, and physical therapists throughout the hospital.

**Connecticut River Watershed Council**, Greenfield, MA (Fall 2007 – Spring 2008)  
*Legal Intern:* Responsible for the summarization of state statutes and regulations which apply to bottled water companies regarding water withdrawals and distribution. Also engaged in the analysis of the permitting process currently underway for a Biomass project in Russell, Massachusetts, as well as developing an intervention strategy to an adjudicatory hearings regarding Water Management Act registration appeals.

**The Nature Conservancy**, Connecticut River Program, Northampton, MA (Summer 2007)  
*Legal Intern:* Compiled information on state water withdrawal and federal discharge requirements in the Connecticut River watershed, and summarized the major requirements and exemptions that characterized each permitting program's regulations. Researched existing water withdrawal and discharge registrations and permits authorized by the states and federal government within the Connecticut River watershed. Analyzed data to determine total authorized withdrawals and discharges versus reported withdrawals in an effort to gauge the extent of hydrologic alteration in the Connecticut River and selected tributaries.

**United States Army Corps of Engineers**, New England District (Summer 2004 – 2007)  
*Park Ranger* at Littleville Lake and Knightville Dam, Lower Connecticut River Basin.  
Assisted in the gathering and reporting of information, including pool elevation, outflow, and precipitation, to Reservoir Control and received dam operation instructions designed to prevent or reduce flood damage downstream. Participated in the development and operation of interpretive and recreational programs for the visiting public. Involved in the protection and management of related resources such as wildlife and lakeshores as well as the enforcement of federal regulations designed to protect those resources.

**United States Congressman John W. Olver**, Washington, D.C. (Spring 2004)

*Congressional Intern:* Responsible for the completion of administrative tasks such as answering phones and responding both directly and via letter to constituent requests. Assisted Legislative Aids as well as the Staff Assistant with research projects. Guided constituent tours through the U.S. Capital Building on behalf of the Congressman's office. Observed Congressional hearings with Legislative Aids concerning a variety of issues.

**Massachusetts State Senator Michael R. Knapik, Westfield, MA (2000-2001)**

*State Senate Intern:* Responsible for responding to constituent questions and requests as well as various office duties, and participated in successful re-election campaign.
